Recently I had been to Hyderabad trip with my close friends

Thanks a lot to Ashwini Phansalkar for organizing the trip. Everything about the trip was perfect, the seamless arrangements, her thoughtful planning and attention to detail truly made this experience unforgettable.

We friends enjoyed a lot and I gladly recommend her amazing services to anyone looking for a wonderful travel experience.

Thank you Ashwini once again for making this trip so remarkable 😊

Traveler Stories

We had a wonderful experience with Naskasha holidays, Ashwini especially planned the trip according to our needs since my mother in law was with us after her hospitalisation..Special thanks to her!

I am so glad we could achieve all of the things we wanted in such short time. It almost feels unreal. Thanks for your help. Some hiccups made it even more memorable and we could value actually getting Darshan Grace of god. 🙏🙏

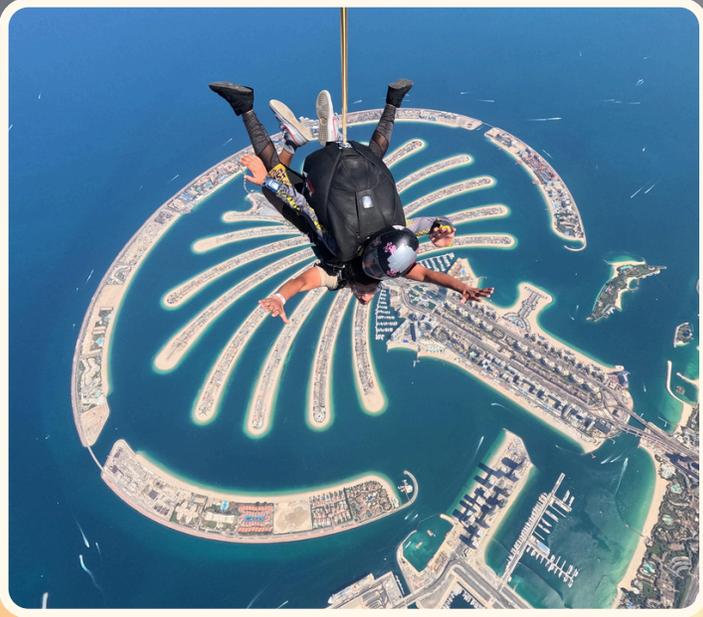

We recently explored Rajasthan on a seven-day trip covering Jaipur, Ranthambhore, Chittorgarh, and Udaipur; all planned by Nakasha Holidays.

Our driver, Vicky, was knowledgeable about the region and made travel seamless throughout. The hotel selections were excellent, from a charming heritage stay in Jaipur to a serene lakeside haveli near Chittorgarh that offered a five-star experience at great value.

Most days struck the right balance between exploration and rest, making the journey comfortable and memorable. While our Udaipur hotel fell slightly short of expectations, the overall planning, attention to detail, and personalized touches made it an outstanding experience.

It was our second trip with Nakasha Holidays, and a third one seems just around the corner.
