The image shows a sophisticated interior space, likely a cafe or lounge. The walls are covered in dark, irregularly shaped stones. A prominent feature is a large, circular, perforated light fixture hanging from the ceiling, which glows with a warm, yellow light. To the right, a large, white, spherical light fixture with a similar perforated pattern hangs from the ceiling. The ceiling is also decorated with numerous white and yellow flowers hanging from above. In the foreground, a wooden shelf is mounted on the stone wall, holding several white vases with yellow and red flowers. The overall atmosphere is warm and inviting, with a focus on natural materials and floral decor.

**More than a café; a  
place to pause,  
connect and create.**

# How we started

In the heart of Baner stands **Dé Lush Leaf**, a café-kitchen and co-working oasis built around a simple belief; food should nourish both body and mind.

Born from the home kitchen of **Sonal Maheshwari** and supported by her husband **Vishal Maheshwari**, Dé Lush Leaf brings together wholesome flavours, mindful design, and a community that values balance. Every corner, every dish, and every cup of coffee carries the same quiet conviction: **healthy can also be joyful, and calm can be creative.**

What began as **Salad Tub**, Sonal's salad-subscription cloud kitchen, has grown into a space where nourishment meets imagination, a café where entrepreneurs draft ideas, friends linger over smoothie bowls, and individuals find stillness between sips of coffee.

# From salads to shared spaces

*Dé Lush Leaf was never built to impress; it was built to care for food, for people, and for the quiet in between.*

Dé Lush Leaf was born from a kitchen that believed food could be both caring and creative.

During the pandemic, Sonal Maheshwari began preparing fresh salads for her husband, Vishal, blending flavours that felt light yet fulfilling. Friends soon wanted their share. That small act of love grew into something larger, **Salad Tub**, a cloud kitchen venture that brought wholesome meals to people across Pune since **2022**.

As the bowls found homes, Sonal and Vishal imagined a space where those same values could live beyond delivery boxes, a café where good food, calm energy, and shared ideas could exist together.

This vision took shape as Dé Lush Leaf, a café and co-working space that carries the same heart, only now, it serves it on plates, not just in bowls.

# The Salad Tub Chapter

## Where It All Began

Before Dé Lush Leaf became a café, it lived quietly inside Pune's homes and offices as neatly packed, thoughtfully crafted salad bowls from **Salad Tub**.

Founded by Sonal Maheshwari, Salad Tub was her answer to a growing need she noticed during the pandemic: people wanted food that made them feel good, not just full. They wanted freshness, flavour, and trust in every bite.

Sonal began experimenting from her kitchen; pairing greens with fruits, adding roasted nuts, mixing dressings that felt light yet satisfying. The response was instant and warm. Within months, what started as a few friendly orders became a full-fledged cloud kitchen with a subscription model serving working professionals, fitness enthusiasts, and families who valued health without monotony.

Each Salad Tub box carried more than a meal; it carried intent to make healthy eating easy, consistent, and joyful.

# What Made Salad Tub Work

✓ Balanced Recipes

✓ Subscription Ease

✓ Fresh & Local

✓ Personal Touch

## How It Shaped Dé Lush Leaf

Salad Tub taught Sonal and Vishal three things that became the foundation of their next venture:

- **People want health, but not at the cost of joy.**
- **Consistency builds trust.**
- **Food is personal; when it feels cared for, people remember.**

These insights became the roots of Dé Lush Leaf; a café where the same values are expressed in a more open, connected way.

While Salad Tub continues to operate as a delivery kitchen, it remains the beating heart behind every Dé Lush Leaf dish; testing new ingredients, refining dressings, and keeping the brand's food philosophy alive beyond the café walls.

# The Vision & Philosophy

A healthy cafe that has recently become famous in PCMC and which I personally like...its name is De Lush Leaf Cafe Baner Pune 📍

I tried many of their dishes, each of which was unique and the best in terms of taste....The owner of the cafe, Sonali, makes these dishes herself and customizes them based on customer recommendations 🍷

👉 If you are into fitness and healthy lifestyle then this place is definitely worth a try... They have an amazing diet menu, as well as a cafe menu, burgers, sandwiches, pizzas, detox drinks. The quality and taste of the healthy food here is highly commendable. 🍷

The staff is very calm and friendly. The ambience is very nice and fresh. This cafe gives a positive vibe. You can also plan your birthday party or kitty party here.

Also, you can take a subscription plan for diet and healthy meals every week and month.

I would highly recommend this spot for you. 🍷
